TALENT THROUGH FLEXIBILITY

NHS Flex for the Future

Workshop 1: Programme Kick Off

Summary of poll questions and responses

SUMMARY OF POLL QUESTIONS AND RESPONSES

Poll 1: The Flexibility Maturity Curve

Copyright © 2021 Timewise All rights reserved.

The poll asked:

'Where is your organisation currently on the maturity curve?'

and

'What is your aspiration by March?'

The possible responses (of which attendees were invited to select one) were:

- 1 – Tolerate it when requested
- 2 – Accommodate it when requested
- 3 – Welcome & support requests
- 4 – Openly support flex
- 5 – Encourage and celebrate flex

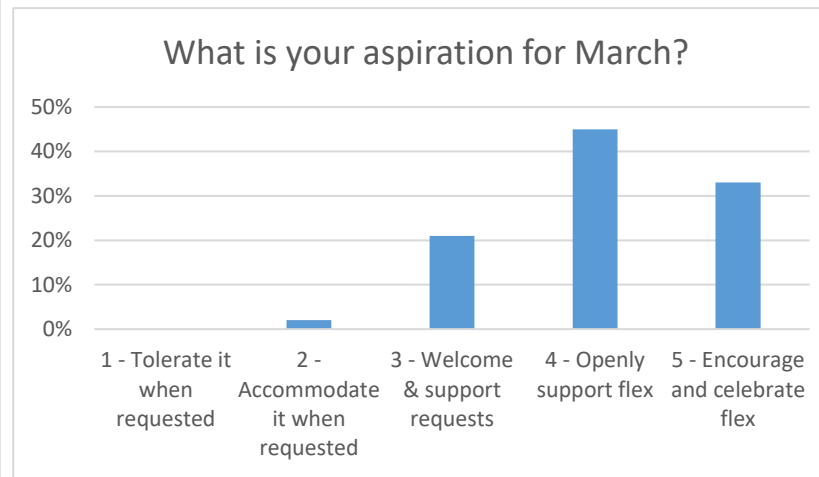

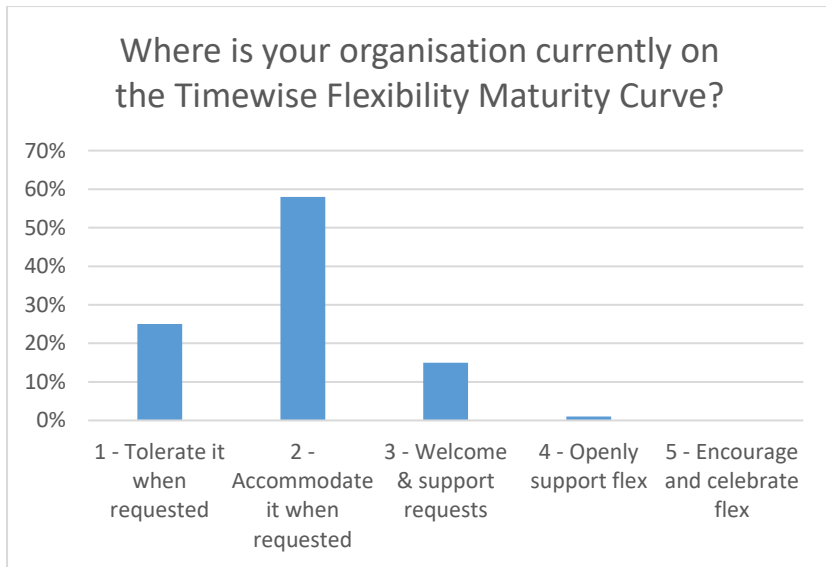

Using these poll questions

You may want to use these poll questions within your project change team, or with stakeholders within your organisation, as a conversation tool, and to gather their opinions and perspectives about current and aspirational position on the Flexibility Maturity Curve, and how to ensure the project's success. This provides a nice way to start engaging stakeholders with the concepts.

SUMMARY OF POLL QUESTIONS AND RESPONSES

A summary of the responses received from live attendees of the workshop is below:

SUMMARY OF POLL QUESTIONS AND RESPONSES

Poll 2: What will make the difference to the success of this project within your organisation?

The second poll offered attendees six different options and asked them to select the one which they thought would be most important to make the project a success within their organisation. Again the summary of responses is provided below:
