Our aims for today

- Be able to create and refine an Action Plan for your Trust

- Have heard and shared stories and examples

- Have discussed actions with colleagues and identified common actions on which you may collaborate with other Trusts

- Understand the benefit of structured action planning in embedding flexibility

- Have reflected further upon how to obtain leadership buy into your plan

Agenda

- Creating and refining your Flex Action Plan

- SMART Actions

- Key actions on which to collaborate and share

- Engaging leadership and completing your Flex Action Plan

- Personal reflection & next steps

Creating and refining your Flex Action Plan

NHS Flex for the Future Framework

NHS Flex for the Future Framework
RECOMMENDED OUTCOMES FROM ACTION PLAN

Leadership & culture of trust	Flexible working policy & process	Manager capability & support	Employer brand & talent acquisition	Inclusive career paths & progression	Social responsibility & advocacy
Use of a dashboard or workforce report that enables the board to monitor progress against defined flexible working metrics, with an identified Senior Nurse Champion	Evidence of communicating and adopting the flexible working policy changes recently introduced in the NHS Terms & Conditions	Efficient use of e-rostering with an audit of the level to which team rostering are used to facilitate flexible working	A minimum of 25% of permanent roles are advertised with clear flexible working options outlined	Those working flexibly have access to training and promotion and this is monitored	The organisation shares best practice and learns from others

Leadership & culture of trust

Use of a dashboard or workforce report that enables the board to monitor progress against defined flexible working metrics, with an identified Senior Nurse Champion

Ideas for action

- Gather case studies of senior role models and share with staff – videos on intranet / via staff update

- Leadership blog to focus on 'day in the life' incorporating flexible working arrangements and what they enable in terms of work life balance

- Establish a set of key workforce metrics / dashboard for flexible working, agreed with senior leadership team, which can be reported on quarterly together with other people data

- Work with SRO to gain agreement and buy-in to this action plan at board level

TALENT THROUGH FLEXIBILITY

Flexible working policy & process

Evidence of communicating and adopting the flexible working policy changes recently introduced in the NHS Terms & Conditions

Ideas for action

- Review & recommend updates to flexible working policy based on NHS definition & principles & Section 33

- Undertake audit to capture informal flex practices so that these can be shared and adopted by other teams

- Ensure the process for requesting flexible working is written in a way that reflects the organisation's values and aspirations for flex, and that it is accessible for staff

- Ensure that details of flexible working applications and outcomes (approved/declined/appealed) are held separately and reported on

- Update exit interview/survey to capture 'lack of flexible working opportunities' as a reason for leaving

- Ensure that reason for leaving data from exit process is collated and reported on centrally

- Examine benefits to ensure that flexible workers have equal opportunity to access these

TALENT THROUGH FLEXIBILITY

Manager capability & support

Manager capability & support

Efficient use of e-rostering with an audit of the level to which team rostering are used to facilitate flexible working.

Ideas for action

- Update manager training to develop skills and use tools available for job design and e-rostering

- Review or complete e-rostering audit / evaluation

- Launch / share Line Manager and employee guides to flexible working

- Develop specific guidance or training on e.g. holding hybrid meetings, responding to flex requests etc.

- Make supporting and advocating flexible working arrangements part of the stated expectations of managers, and review as part of manager performance

- Identify particular flex solutions / locations to pilot

- Build flexible working conversations into job planning meetings for Doctors / other staff groups

- Ensure flexible working forms part of the Wellbeing Conversations happening across the organisation

NHS

TALENT THROUGH FLEXIBILITY

Employer brand and talent acquisition

A minimum of 25% of permanent roles are advertised with clear flexible working options outlined

Ideas for action

- Enhance training for recruiters / hiring managers to equip them to discuss flexible working at interview

- Upskill hiring managers / resourcing teams to be able to identify which forms of flexibility are appropriate for roles

- Update recruitment processes and training to ensure that the drop down menu for different types of flexible arrangement are used on NHS Jobs / TRAC when vacancies are created

- Draft and get sign off on an organisational statement about openness to flexible working arrangements, to be included in all vacancy packs

- Gather and upload case studies about different forms of flexible arrangement to careers page

- Use new joiner / 100 day events to ask whether people are working flexibly

- Start monitoring number of new joiners who are recruited flexibly, and collate this centrally

TALENT THROUGH FLEXIBILITY

Inclusive career paths & progression

NHS

Those working flexibly have access to training and promotion and this is monitored

We work **flexibly**

TALENT THROUGH FLEXIBILITY

Ideas for action

- Gather and report to the Board on progression and performance data for employees with flexible working arrangements – in the same way you do for protected characteristics. Look at whether flexible workers are progressing at the same rate, ideally breaking this down by different forms of flex (where, when, how)

- Case studies of staff who have progressed whilst retaining flexible working arrangements

- Ensure flexibility is promoted in internal advertisements and vacancy information

- Undertake focus groups to understand perceptions of barriers to progression amongst particular teams/roles

- Incorporate flexible working within the organisation's Talent Management process and conversations

- Ensure performance management processes focus on outcomes not presence or hours worked. Educate managers on how to ensure they can assess performance fairly for colleagues who work flexibly.

TALENT THROUGH FLEXIBILITY

Social responsibility & advocacy

The organisation shares best practice and learns from others

Ideas for action

- Showcase good practice via Future NHS forum / NHSE Flex team

- Share learning with other organisations by contributing to or establishing a community of practice (you may want to develop your regional group clinics into these following the end of the formal programme)

- Undertake staff engagement activities to promote and advocate flexible working across the organization

- Ensure the organisation's values and behaviours relating to flexible working are shared with contractors / suppliers, and incorporated into procurement documentation processes / reviews of contractors

- Use your organisation's social media / other comms outlets to amplify the importance you place on flexible working

- Apply for awards to share and celebrate your progress in flexible ways of working

Developing your Flex Action Plan

Completing your Action Plans

Booklet 4 contains a template Action Plan and a guide agenda for your second action planning session

Slide deck from today contains ideas that you can build into actions, for each area of the framework

Flexible working actions – different types of impact

Organisation messaging	Vision & definition of flexibility	Principles & policy	Manager & employee guidance	Showcasing examples
Organisation processes	Advertising roles with flex	Processes for requesting flex	Contractual terms e.g. job share, term time	Gathering & monitoring workforce flex metrics
Working practices, mindset & behaviour	Leadership advocates & role models	Trying new approaches through pilots / trials	Undertaking flexible job design	Training & empowering managers

Benefits of flexible working – case for change

- Better work-life balance
- Increased job satisfaction & motivation
- Enabling equitable job and career opportunities and supporting a reduction in the Gender Pay Gap
- Attracting and retaining high quality candidates and a diverse workforce
- Reductions in stress and absenteeism
- Reductions in carbon footprint

Which leads to **more engaged staff** and **better patient experience**

Next steps

Everyone:

❑ Tell us what you thought of today using the post-workshop feedback survey

❑ Access the resource library to review materials and share with any team members unable to attend live today: **https://timewise.co.uk/nhs-flex-for-the-future-programme-resource-library/**

❑ Join the second Action Planning session with your change team and populate your action plan for your organisation

Next steps

Change team leaders:

❑ Attend fourth Group Clinic for your region

❑ Arrange and lead a second Action Planning session with your internal change team (session plan provided in booklet) to populate your action plan

❑ Update your SRO, invite them to be part of your second action planning session or agree how you will share outputs with them

❑ Let us know how you are getting on so we can amplify and showcase your work:

   ❑ We'd love to see your completed action plan

   ❑ Would you like to be featured as an example in future workshops?
